About the Speakers: **Ian Cooke:** Working in collaboration with Monrovia, he provides a critical horticulture landscape link to the design community on the East Coast. **Pier Davis:** When it comes to Monrovia plant knowledge in New Jersey, Pier has it... with 5 years of experience in the area. She started like many of us in the industry, calling on customers and helping them find the "right" plants.

Barton Nursery is a valuable Monrovia landscape distribution resource. Write Monrovia on your planting plans to get the quality plants your clients deserve! Easy to find... Right off I—287:
